

HARDIK SHARMA

Data Science | Machine Learning | Data Analytics | AI & Automation

Sikar, India • khandalhardik01@gmail.com

PROFESSIONAL SUMMARY

Data Science and Machine Learning-focused technology professional with a B.Sc. Mathematics foundation and hands-on experience building predictive analytics, NLP, AI-powered applications, automation workflows, and data-driven dashboards. Strong working knowledge of Python, SQL, Pandas, NumPy, Scikit-learn, XGBoost, NLP, TensorFlow, FastAPI, Power BI and n8n. Combines analytical problem solving with practical software development and performance-marketing experience to turn complex requirements into usable, business-oriented solutions.

TECHNICAL SKILLS

Programming & Data	Python, SQL, Pandas, NumPy, Data Analytics, Data Preprocessing, Feature Engineering
Machine Learning & AI	Machine Learning, Predictive Modeling, Scikit-learn, XGBoost, NLP, NLTK, TensorFlow, LLM Integration, OpenAI API
Web & APIs	Next.js, React, JavaScript, HTML, CSS, FastAPI, Flask, REST APIs, WebSockets
BI, Automation & Tools	Power BI, Streamlit, n8n, Git, GitHub, PostgreSQL, MongoDB, Docker, Gmail API, Webhooks
Performance Marketing	Google Ads, Conversion Tracking, ROI Optimization, WordPress, GA4

EXPERIENCE & APPLIED WORK

Predictive Analytics Specialist — Freelance Client

Jan 2025 – Mar 2025

- Performed advanced data preprocessing and feature engineering for predictive analytics.
- Worked on customer churn prediction and translated model outputs into business insights.
- Applied Python, Pandas, Scikit-learn and XGBoost in an applied data-science workflow.

NLP & Sentiment Engineer — Open Source Contribution

May 2025 – Jul 2025

- Worked on Natural Language Processing and sentiment classification workflows.
- Integrated APIs and scraping components and supported automated reporting.
- Used Python, NLTK, TensorFlow and FastAPI for applied NLP development.

Independent Web Development & Performance Marketing

Project-based

- Built web experiences and landing pages using HTML/CSS, JavaScript and modern web frameworks.
- Worked with Google Ads, conversion tracking, ROI optimization, WordPress and GA4.
- Combined marketing requirements with technical implementation to create practical digital solutions.

SELECTED PROJECTS

AI Receptionist Web App

Tech: Next.js, Python, FastAPI, OpenAI API, PostgreSQL, WebSockets

Voice/text virtual receptionist that handles customer inquiries, appointment booking and complex call routing, with real-time database synchronization, configurable AI personas and a business monitoring dashboard.

AI Resume Screening System

Tech: Python, NLP (spaCy), Scikit-learn, Flask, React

ML-powered resume analysis system that parses resumes, extracts skills and experience, compares candidates with job descriptions and produces a quantified match score.

Sales Prediction Dashboard

Tech: Python, Pandas, Prophet, Streamlit, SQL

Analytics dashboard for forecasting sales trends from historical data, with interactive visualizations supporting inventory and marketing decisions.

AI Email Brain

Tech: n8n, OpenAI API, Gmail API, Webhooks, Regex

Autonomous workflow that categorizes incoming email by urgency and intent, drafts context-aware responses and triggers CRM actions such as ticket creation or lead-status updates.

Complete Marketing Agency SaaS

Tech: React, Node.js, Express, MongoDB, Stripe API, Docker

Multi-tenant SaaS concept for marketing agencies with client and campaign management, automated reporting, RBAC, Stripe billing and centralized analytics.

EDUCATION

Bachelor of Science (B.Sc.) — Mathematics

Mathematics-based analytical foundation supporting data analysis, logical reasoning and quantitative problem solving.

CERTIFICATIONS & PROFESSIONAL LEARNING

- Data Science Certification — PW Skills
- Google Ads Certification — Udemy
- Python Programming — Advanced Level
- Power BI Data Analyst — Professional Certification
- Cloud Infrastructure — Oracle Cloud 2025
- Machine Learning — Deep Learning Specialization

CORE COMPETENCIES

Problem Solving • Analytical Thinking • Communication • Team Collaboration • Leadership • Public Speaking • Adaptability • Creativity • Time Management

LANGUAGES

English • Hindi
